Minimal Incision Bunion Correction

Ask us about the latest treatment in bunion surgery - *minimally invasive bunionectomy*.

This is a game changer for the treatment for painful bunions. Because the incisions are so small, patients undergoing this procedure are experiencing less swelling, less pain and a faster recovery.

Get back on your feet again quickly!

We are now offering advanced skin grafting techniques for difficult to heal wounds.

Happy Feet for Halloween: Kids' Shoe Tips

Halloween is one of the most exciting times of the year for kids. Between dressing up in fun costumes, collecting candy, and walking around the neighborhood with friends, it's a night full of fun and adventure.

While parents often focus on finding the perfect costume, one detail is sometimes overlooked: comfortable footwear.

Celebrating International Podiatry Day

Every October, International Podiatry Day rolls around, putting the spotlight on something we all take for granted: our feet! They carry us through life, yet they're often overlooked until there's a problem. This day is a great reminder to appreciate our feet while learning ways to help keep them healthy, strong, and pain-free.
